Selected Poetry.

THE MEDLEY OF MEDLEYS.

As I was going down the street,
With Peggy by my side,
An old crow sat on a hickory limb—
Make way for liberty I he cried.

We go for strong, vigorous measures,
Said the spider to the fly;
The artful dodger sighed,
Good bye, old arm, good bye.

Hark from the tombs a doleful sound—
No Irish need apply;
Listen to the Gipsy's warning,
Don't fly your kite too high.

We won't go home till morning—
What's that to you?
I'm a young man from the country—
I paddle my own canoe.

I spent six weeks in Georgia,
With the sword of Bunker Hill;
I heard old Abe telling jokes,
Methinks I hear him still.

Dearest love, do you remember—
The cottage by the sea;
'Twas twenty years ago to-day,
Beneath the old oak tree.

Weep not for me, the veteran cried,
I'm a bachelor forlorn;
I'm going home to die no more,
I'll meet you in the morn.

A grasshopper sat on a sweet potato vine,
With the banjo on his knee;
To arms! to arms! he cried,
My country 'tis of thee.

Meet me by moonlight alone,
I say to Nellie Bly;
Says she to me—Joe Bowers,
The goose hangs high.

We'll hang Jeff Davis on a sour apple tree,
The Radicals once did avow;
Tell me ye winged winds
Why don't they do so now?

Lie up nearer, brother,
Pidgyune Butler's coming to town,
Great God, she cried, in accents wild,
I tremble at his frown.

The boy stood on the burning deck,
With Bingen on the Rhine;
And Noah he got on a spree,
In the days of Auld Lang Syne.

There's a good time coming, boys—
A hundred years hence;
The country's gone to thunder, John,
There's a nigger in the fence.

Now I lay me down to sleep,
Oh, Susannah, don't you cry;
How are you, Horace Greeley,
Tear down the flaunting lie.

Old Grimes is dead, that good old soul,—
The last salt tear is o'er;
Now he's dead and in his grave,
And won't get oil on his brain.

The poor old slave has gone to rest,
But his soul is marching on;
Wake, Betsey, wake, my sweet galoot,
Who's pin here since Ish pin gone.

CULTIVATION OF THE STRAWBERRY.

The discoveries of scientific and practical men in the past few years have excited a large amount of attention from that class of our farmers whose labor is given principally to the cultivation of smaller fruits. Among the most saleable of these, paying probably the largest percentage to the grower, is the Strawberry. Five hundred dollars from an acre in grain or grass would be deemed an impossibility, but that amount from an acre of Strawberry plants is frequently realized. The fear that an overstocked market would place their price below remuneration, has proved groundless, for it has been found an impossibility to overstock the market. Many of our farmers contemplate this use of their ground for coming years, and to them we could say *always set out the best plants*, even if their cost is considerably above the average, for this will be found the truest economy in the end. Light, loamy soils with clay subsoils are best for this purpose, and a fair amount of exposure to the sun is also of value. Perhaps there is no plant more sensitive to the touch of proper fertilizers than this one, and too much attention cannot easily be given to this fact. The land should be placed in the most cultivated order before setting out the plants, which should be kept out of the sun and in a moist condition until they are transplanted. If the season is dry and hot, it will be necessary for a short time to water and shade them through the day, always taking care to uncover them at night, so that they may receive the invigorating effect of the dew.
Strawberries are best grown in beds four feet wide. This secures convenience in gathering and allows opportunity for cultivation. Three rows should be put in a bed and the plants in each row placed twelve inches apart. If the rules to which we have alluded are observed, the transplanting may be done in any month from March to November, although the summer months are preferable. The fewest runners are made by those set in June, and as more or less of these are desired farmers will either use or avoid this month in their work. An acre of the plants can be set by an experienced man in a day and number about 10,000.
It is of great importance to keep them free from weeds in the summer. A neglect of a few weeks in this matter will often make it impossible to make it worth while to preserve the beds, and yet a small amount of attention and labor will prevent their ascendency. *Mulching* in the winter is never neglected by the successful grower. Corn stalks will answer a tolerable purpose, but rye straw is preferred above all other articles. The covering should be done in November, and removed as soon as the freezing weather is over and before the plants have made any growth. The covering that is taken off need only be placed between the rows where it will serve to keep the ground moist and thus facilitate an early growth, besides keeping the weeds down and the fruit clean. No good fruit however can be raised in large quantities without the use of suitable fertilizers. Common barn yard manure is good, but its constituents are too cumbrous to be of great value. One cord of it is (3,000 pounds) contains 2,559 pounds of water and 138 of sand, 352 of carbonaceous matter, which are of no more value than so much peat straw or chaff.
There is but 74 pounds of active fertilizing material, such as nitrogen, potash, soda, lime, magnesia, phosphoric and sulphuric acid, chlorine, iron and alum. It would startle some of our farmers to learn that the market value of these 74 pounds is only $3,00, yet such is the fact, and proves conclusively that barnyard manure, however valuable for other purposes, is but of little use in this. The best and cheapest fertilizer for this fruit, in the judgment of those growers who have tested all kinds most thoroughly, is Baugh's Raw Bone Phosphate of Lime. The results produced by this are truly astonishing. The testimony to its value is of the fullest and most satisfactory character.
It can be applied to the bed at any time, during the spring, summer, or fall months, but some of the most successful growers have given a preference to the period following the bearing season.

Choice Miscellany.

A FEW WORDS ON SQUEEZING.

While we are growing very sensible, indeed, in the matter of dress, as far as boots, balmoral skirts, warm stockings, and high necks, we are degenerating in some other matters quite as important. The corset is not a necessary part of a woman's wardrobe; and, alas! when a woman does begin to wear corsets she will wear them too small, and will tug at the lacers until her breath becomes short, and feels it necessary to refrain from anything like a comfortable meal. We say nothing against a well-shaped corset, worn loosely, but there lies the difficulty. A loose corset injures the appearance instead of improving it, and people wear corsets that they may have small waists. All we can say is, don't squeeze, whatever you do. You may have small waists, but you are exposing yourselves to a dozen misfortunes which are as bad as a large waist. First, you'll surely have dyspepsia, and grow yellow and cross and unhappy; secondly, your hands will grow red; thirdly, your nose; fourthly, you will be unable to walk a mile at once; fifthly, dinner will be a misery; sixthly, your shoulder blades will increase in size and altitude; seventhly, your eyes will grow weak; eighthly, you will break down at thirty or thereabouts, and be a sickly old woman from that time forth. If these truths do not frighten women from tight corsets, perhaps the information that gentlemen generally do not admire what dressmakers call a "pretty figure," so much as a natural one, may have some influence.

JOSH BILLINGS' ESSAY ONTO SWINE.

Hogs generally are quadripid.
The extreme length ov their antiquity has never been fully discovered; they existed a long time before the flood, and hev existed a long time since.
There is a grate deal of internal revenew in a hog; there ain't much more waste in them than there is in an oyster.
Even their tails can be worked up into whissels.
Hogs are good, quiet boarders; they alwus eat what is set before them, and don't ask any foolish questions.
They never have any dissease but the measles, and they never hev that but once; once seemes to satisfy them.
There is a grate meny breeds amongst them.
Some are a close corporation breed, and some are bilt more apart, like a hemlock slab.
They used to have a breed in new-England, a few years ago, which they called the striped hog breed; this breed was in high repute among the landlords; almost every tavern-keeper had one, which he used tew show tew travelers and brag on him.
Some are full in the face, like a town clock, and some are as long and lean as a cow-catcher, with a steal pinted nose on them.
They kan awl rute well; a hog that kant rute well haz been made in vain.
They are a short lived animal, and generally die as soon as they git fatt.
The hog can be larnt a great menny cunning things, such as histing the front gate off from the hinges, tipping over the swill barrel, and finding a hole in the fence tew git into a cornfield; but there aint enny length to their memory; it is awful hard for them to find the same hole tew git out at, especially if you are at all anxious they should.
Hogs are very contrary, and seldom drive well the same way yu are going; they drive most the other way; this haz never bin fully explained, but speaks volumes for the hog.

AN OUT-TRAVELLED TRAVELER.

They have out at Atlanta a hotel keeper named Thompson, who is considered rather sharp at a joke, but he sometimes meets with his match, as the following story goes to prove:
A traveler called very late for his breakfast, and the meal was hurriedly prepared. Thomson feeling that the food was not quite up to the mark, made all sorts of apologies around the eater, who worked away in silence, never raising his head beyond the affirmative influence of his fork, or by any act even acknowledging the presence of his host. This sulky demeanor rather vexed the landlord, who, changing the range of his battery, stuck his thumbs in his armholes and said: "Now, mister, confound me if I hain't made all the apologies necessary, and more too, considering the breakfast and who gets it; and I tell you I have seen dirtier, worse looking, and a devil of a sight smaller breakfasts than this is, several times."
The weary, hungry one laid down his tools, swallowed the bite in transitu, and modestly looking up at the fuming landlord, exclaimed: "Is what you say true?" "Yes, sir." "Well, then, I'll be blamed if you hain't out-traveled me!" he said.

OLD FUN.

Three hundred and fifty years ago, Wynkyn de Worke, who had his printing office in Fleet street, London, "at the synge of the Swanne," published his "Demaundes Joyous," which will show the notion of fun which prevailed at that time.
Q.—How many cow's tails would it take to reach from the earth to the sky? A.—No more than one, if it be long enough.
Q.—What is the distance from the surface of the sea, to the deepest part thereof? A.—Only a stone's throw.
Q.—What is it that never was and never will be? A.—A mouse's nest in a cat's ear.
Q.—Why do men make an oven in a town? A.—Because they cannot make a town in an oven.
Q.—How may a man discern a cow in a flock of sheep? A.—By his eyesight.
Q.—Why doth a cow lie down? A.—Because it can't sit.
Q.—What is it never freezeth? A.—Boiling water.
Q.—Which was first, the hen or the egg? A.—The hen, at the creation.
Q.—How many straws go to a goose's nest? A.—Not one; for straws not having feet cannot go anywhere.

Mrs. Smith on Consistency.

"It puzzles me how things get mixed
In politics, by spells;
The Rads just now praise Longstreet high,
And curse poor Gov. Wells.
And yet, a year ago, this Wells
Was all a man could be;
While Longstreet was a 'bloody reb,'"
Says Mrs. Smith, says she.

☞It is stated by some wiseacre, that the heart of a man weighs nine ounces, and that of a woman about eight. As the age increases, a man's heart will grow heavier, and the woman's lighter—some girls lose theirs at sixteen.

INTERPRETATION OF THE NEW LIQUOR LAW.

Judge Miller, of Allegheny county, in a recent charge to the Grand Jury, interpreted the liquor law passed by the last Legislature as follows:
It requires licensed persons, at all times, to prevent disorderly conduct in their houses, as far as lies in their power; and to enable them to do so, they are required, immediately upon the occurrence of any disturbance, to call in the police or any constable, or sheriff, who are bound to obey such call and remove such disorderly person or persons, and shut up the house if need be, till the disturbance is over.
SEC. 2 provides against selling or permitting to be sold or given away, any intoxicating drink of any kind, to any minor or apprentice. The question whether or not the party is known at the time to be a minor or apprentice is immaterial. Ignorance on this point will not excuse.
SEC. 3 forbids the sale or giving away of any such drink to an habitual drunkard, or to any intoxicated person, under the influence of liquor. Under this section, a tavern or restaurant keeper can not safely give liquor to any stranger entering his house, until he is certain that such party is not already intoxicated, or under the influence of liquor. If he does so, and the party happens to be under the influence of liquor, all the penalties of the act are incurred, which are severe; and the knowledge or absence of knowledge of the fact of intoxication would be immaterial. Nor is the degree of intoxication material

FOR JUDGE OF THE SUPREME COURT,
HON. GEORGE SHARSWOOD,

POLITICAL AND NEWS ITEMS.

—Galena, Illinois, the home of General Grant, recently elected the Democratic ticket by two hundred and fifty majority. The third ward went Democratic for the first time in the history of the city.

—The indications all around us were never more favorable to the Democracy than now. There is every motive which can influence the political action of men to unite with us, and nothing worth mentioning to drive us asunder.

—"Resistance to tyrants is obedience to God."

—E. V. Marthiner, formerly editor of the Mauch Chunk *Union Flag*, Republican newspaper, is about starting a Democratic weekly newspaper in Tamaqua.

—The agricultural editor of the *Tribune* mingles philosophy and agriculture in his articles in about equal proportions. Among other things he says:—"Sheep and girls are domestic animals. Neither will do well out of sight."

—There are one thousand and four children in the Sunday Schools connected with St. John's Lutheran church in Easton.

—It is said that every physician in Washington city has from twenty to fifty cases of typhoid fever under treatment.

—The Radical State Convention of Texas met at Houston on the 4th. Only twenty-three whites were present, but a large attendance of darkies.

—Gen. Thomas F. Meagher, Acting Governor of Montana, fell into the water from the deck of a steamboat at Fort Benton on the night of the 1st instant, and was drowned. His body was not recovered.

—A German woman was killed in Baltimore on the 4th whilst sitting in the door of her dwelling, by a pistol ball fired from a group of negroes.

—Gen. Longstreet denies that in writing his recent letter he intended to ally himself with the Radicals.

—Five cases of yellow fever occurred at Galvestown, Texas, on the 9th.

—A Mobile paper elegantly says Northern historians of the war seem to be engaged in a great lying match.

—In Tishamingo county, Mississippi, the sheriff is about to set fifteen hundred persons to work to enable them to pay their taxes—they being too poor to pay. And this is the condition of things to which Radical "reconstruction" is reducing the whole South.

—*A White Republican.*—The True American, published at Newark, Ohio, has refused to go the negro-suffrage plank.

—Texas negroes go about begging to be put on juries, offering to do the job at half price. They call it, among themselves, "gettin' paid for doin' nothin'."

—Every Mongrel editor and correspondent is now kept busy writing up agitation—making pressure for more encroachments upon popular rights and civil liberty.

—Hail, the Radical Collector of Washington city, has appointed a negro clerk. There's no accounting for tastes—especially when the choice lies between a disabled soldier and a darkey.

—Two small boys, one of them only twelve years of age, were committed to the Belvidere prison last week for horse stealing.

—We hear of a farmer buying spoiled sausages by the barrel—using them as manure—putting a link in each hill.—Corn came up next day—by the help of every dog within a circle of five miles.

—Counterfeit two dollar greenbacks, from a new plate, are now being put into circulation.

—*The Hour of Deliverance.*—We are fast approaching the hour spoken of in the Jewish proverb: "When the tale of bricks is doubled, Moses comes." The deliverer always comes when tyranny has reached its highest point.

—The Radical street commissioner of New Orleans has discharged all the white employees and employed negroes.

—The Federal Capitol police force is to be composed of darkies, it is said.

—The negroes registered in Louisiana outnumber the whites two to one.—About two-thirds of the original white voters have been disfranchised.

—Two thousand houses were for rent in St. Louis, Missouri, last week. Is this fact due to Radical rule in that State?

—It is reported that Santa Anna was not shot, but is in prison at Campeachy.

—A filibustering fever is raging at New Orleans—the cry being "on to Mexico!"

—Two members of a family in Mississippi recently died of starvation. They had lived for some time on sassafras bark and roots.

—Geary is still issuing pocket pardons to political favorites.

—Juarez, the President of Mexico, lived in New Orleans a few years ago, and carried on the business of manufacturing cigars. He was at that time a political refugee.

—The Illinois girl who lately lost her speech, save whispering, has had forty offers of marriage.

—Eleven children were recently bitten in one school district in Northampton county, by a mad cog.

—It is said General McClellan will return to this country in November.

☞ It is thought that Congress will adjourn in a day or two, after passing a bill to reconstruct "reconstruction"—to increase the already despotic powers of the military satraps, that the negro may be elevated still higher and the white man more effectually crushed. A committee of conference on such a measure was appointed by both Houses on Friday evening.

☞ The Doylestown *Democrat*, one of the largest and best Democratic papers in the State, comes to us in a new and beautiful dress. The editor and publisher, the battle-scarred Col. W. W. H. Davis, is every inch a fighting man.

THAD. STEVENS ON PENNSYLVANIA POLITICS.

He Fears the Loss of the State.

A special correspondent of the New York *Herald* recently visited Thad. Stevens at Lancaster, and reported the results of a long conversation. The following extract, in regard to Thad's fears for the result of the election next fall, corruption of Cameron, and that "unhappy failure," Geary, will be found especially interesting:

"Question—Is the Republican party well united in Pennsylvania?

"Mr. Stevens—I fear that we shall lose Pennsylvania this next election. I do not think we have earnestness enough in the State to unite and draw out the Republican strength, while the Republican portion of our Legislature has been so openly, notoriously, and shamefully corrupt, that all the honest people in the State are disheartened and disgusted.

"Question—You do not suppose that you can beat New York in corruption, do you?

"Mr. Stevens—I think we could.—Cameron had his men with their hands full of greenbacks working in the Legislature. He had not fourteen votes in his favor at the close of the election, but soon after he had forty. One man now claims fifty thousand dollars for his services, and they refuse to pay him. This corruption will certainly beat us here next election unless we draw out the Republican strength by getting up a *furor* and excitement on impeachment, Geary, too, hurts us very much. He is an unhappy failure, and his nomination was an unfortunate thing for the party."

—Mr. Stevens made a "personal explanation" in the House on Wednesday, in which, according to Forney's *Press*, while denouncing the publication of the *Herald* correspondent's letter, "he did not unqualifiedly deny the assertions made, but admitted the political views attributed to him, and stated he intended no reflection on any of his brother members."

He did not deny the "assertions" in regard to Geary, the "unhappy failure," or his (Stevens') "fear of the loss of Pennsylvania at the next election"—thus adding weight to these already significant points.

Thad. Stevens Evidently Wants to be Buried with Negroes.

The Lancaster *Express*, one of Thaddeus Stevens' home organs, recently had the following:

Several years ago, when the Lancaster Cemetery was incorporated, Mr. Stevens purchased two lots, for which a deed was duly executed. Some years later, in looking over his papers, he noticed, for the first time, the clause prohibiting the interment of colored people in the Cemetery. He at once reconveyed the lots to the company, with his reasons, and asked that they be put upon the record. A short time ago he purchased a couple of lots in Woodward Hill Cemetery, and when the deeds were handed to him he noticed a similar clause excluding the burial of people of color. The brave old man declared that he could not consent to have his bones laid in a cemetery where any of God's children were excluded for no fault of their own, and he promptly returned the deeds. He then, only a few days ago, selected a lot in "Shreiner's Cemetery," where no such distinction is made among the dead, and there will the dust of the Old Commoner repose—not, we trust, however, until he has seen the great work of reconstructing the nation, on an enduring basis of liberty and equal rights, which he has so consistently labored for, triumphantly consummated.

The *Intelligencer* comments on the above, thus:—There are few men, indeed, who have given to the world such open and notorious evidences of a belief in negro equality as Thaddeus Stevens has done. A personage not of his race, a female of dusky hue, daily walks the streets of Lancaster, when Mr. Stevens is at home. She has presided over his household for years. Even by his own party friends she is constantly spoken of as *Mrs.* Stevens; though we fancy no rights of mother church ever gave her a claim to the title.

It is natural for men to desire to sleep their last sleep with those they have loved in life. If Thaddeus Stevens insists upon being buried side by side with the woman he is supposed to have taken to his bosom, it is entirely a matter of taste. But, why did he not purchase a lot in the African burying ground at once? There no white man's bones would have jostled his, and she who has so long been his most intimate associate, might have been gathered to his side without exciting public scandal.

THE LOST PLANK.

We are told that some of our Republican brethren, upon reading the platform promulgated by the Williamsport Republican Convention, and finding no plank upon the subject of "Manhood Suffrage," inquired of the delegation from this county why it was, and received for reply: "You see, we found that plank considerably shattered and broken by the manifestations of the people at the elections, and we feared to give it place lest it would break the entire platform down. That plank has cast rather a *dark* shadow over us in Pennsylvania, and it was thought best after considerable and warm controversy to keep it in the shade for the present. We managed to keep the debate in committee, but somehow it has leaked out through some fool that they had a thundering hot time of it."

This is the only account we have heard of the missing plank. It may turn up in some of the more rabid county conventions, where its advocates have no gags on them. It is evident that the Republicans are frightened at the *dark* shadow.—*Sunbury Democrat.*

☞ It is a favorite Radical maxim that revolutions never go backward. The Democrats of Connecticut take the same view in their intention to retain their political supremacy in that State. The Democracy of Waterbury have just achieved a signal victory in electing a Mayor and all the Aldermen. Last year the city was carried by the Radicals.

☞ Colonel Duncan, of the United States Army, commanding at Nashville, Tennessee, has demanded of State Inspector General Hart his reasons for sending to Franklin the company of negro State troops which instigated the recent riot at that place. He has announced that he will protect the people, and will not permit interference with his authority by Brownlow's negro militia. It is to be earnestly hoped the Colonel will do so.

☞ Up-hill work—defending Thad. Stevens—especially here in Pennsylvania.

HELPER'S SECOND BOOK.

Helper, the author of "*The Impending Crisis*," which did more of infamous Northern prejudice and passion before the war than any other Abolition publication, has just written another book, which promises to attract nearly as much attention as the first. The war being over and slavery abolished, he now contends that the negro business has gone far enough—that the black is inferior to the white man, both in body and mind—and that "it is just as impossible to raise him to a position of equality with us, as it would be to transform the baboon into a gorrilla, the lynx into a lion, the gemsbok into a reindeer, the opossum into a kangaroo, or the ground squirrel into a rabbit."

That our readers may the better understand the design and scope of Helper's present work, we extract the following questions and answers:

Question.—What is the best and only true remedy for the present and prospective troubles now brewing in the United States, between the White People and the Negroes?

Answer.—An absolute and eternal separation of the two races.

Question.—How could the separation here proposed be speedily and prudently effected?

Answer.—By giving full and formal notice to the negroes—every one of them, including the mulattoes, the quadroons, the octoroons, and all the other non-whites, that, after the 4th of July, 1867, their presence would be no longer required nor tolerated north of the northern boundary of Mexico, and by assisting them, to a limited extent, to get somewhere (it would matter very little where) south of that south-moving boundary.

Question.—Is there no other manner in which the coming a nuisance, might be effectually and finally separated from that really estimable portion of the people of the United States—the white people—who, while they are worthy, are also enlightened and progressive?

Answer.—Yes. All impure-complexioned persons, of whatever nationality, whether black or brown, whether negroes, Indians or Chinese, or bi-colored hybrids now resident in the United States, might (for the present at least) be colonized in a State or Territory by themselves, in Texas or in Arizona, for instance, and there, under suitable regulations, required to remain strictly within the limits assigned them.

Question.—In any policy in which we, the white people of the United States, may be induced to pursue toward the negroes, what should always be with us a controlling motive—what should unfailingly constitute one of the great and ultimate ends at which we should aim?

Answer.—We should so far yield to the evident designs and purposes of Providence, as to be both willing and anxious to see the negroes, like the Indians and all other effete and dingy-hued races, gradually exterminated from the face of the whole earth.

Catechising thus, or in a somewhat similar vein, I might proceed much further; but before either asking or answering any more questions, I deem it proper to bring forward abundant and irrefragable demonstrations of the fact, that the negro, as compared with the white man, is a very different creature, a grossly inferior being; and also that this difference of manhood, this despicable inferiority of the negro, is natural, conspicuous and permanent.

In the prosecution of this labor, I shall bring to my aid the investigations and discoveries of the most learned naturalists who have ever lived; and these surely are those whose voices, above all others, should be most attentively heard and heeded in the discussion of the specific subjects here mentioned.

WHAT THE NEGROES EXPECT.

A correspondent of the *Anti-Slavery Standard*, writing from Virginia, with an evident understanding of the party-machinery among the negroes, gives the Mongrel party fair warning of what is in reserve for them. The negro vote, he says, will decide the Presidential election. The negroes understand this perfectly, and are laying their plans in accordance with it. "There are several negroes," says the writer, "fitted for the position of Vice-President, and *that the second office in the nation shall be filled by a negro.*" The correspondent fully endorses their claim and wishes it distinctly understood that it must be conceded or the negro vote will be cast against the Mongrel party.

MODEST DEMANDS BY A VIRGINIA NEGRO.

We hear that there was a political meeting of the colored people at Mudwall, on Tuesday evening, which was addressed by Rev. Lewis Lindsay, colored, of Richmond. Lewis Lindsay made a most violent and incendiary speech, demanding a fair division of all offices, and social equality. He spoke of the whites with bitterness, and told the audience of the large majority which the registration gave the colored people in Richmond. He said they meant to elect the Governor and the members of Congress, and a portion of the Legislature. Wherever there were twelve men appointed to do any business, he said six of them must be black. He claimed that he should be asked into a white gentleman's parlor, and addressed as "Mr. Lindsay" when he called at his house. He alluded to the meeting held here on court day, and said, that if the white people were "independent," he did not see what they wanted with the help of the "niggers." That the colored people were going their own way, and if the white people wanted their assistance, they would have to come to them. He gave a theatrical account of an interview he had with Mr. Botts, whom he denounced. Hunnicutt, he said, was "their man." He stated that he had been sent up here from Richmond to "organize" the colored people, and called on them to see to it that they registered. Lindsay told the colored people if the white people sent fifty delegates to the Richmond Convention, they must send seventy. He said he had heard about a war of races, but he would like to know when four millions of people with arms in their hands had ever been exterminated—that two could play at that game.—*Charlottesville (Va.) Chronicle.*

☞ There is trouble among the Radicals in Ohio. The Hon. Samuel Galloway has declined the nomination of that party in a letter which cuts like a rawhide whip. He attributes the circumstance that he was not nominated as Governor to the fact that he was uncommitted to the ambitious schemes of rival Presidential aspirants, and affirms that he has a soul to which official honors have no charms, if tainted and purchased by the sacrifice of true manhood. If Mr. Galloway expects to attain office without "the sacrifice of true manhood," he must leave the party to which he is attached at present.—*Age.*

☞ Senator Wade emphatically denies the recent report that he was in favor of an equal division of property.—*Telegraph.*

Then he must confess to having been drunk.

TOWN AND COUNTY AFFAIRS.

EXTERNAL REVENUE.—The attention of all concerned is directed to Collector Ashcom's notice in our advertising columns.

FAIR GROUNDS.—Work on the Fair Grounds is progressing well. A considerable force of hands has been engaged on the trotting course, grading and leveling, and a few days more will complete it. When done, we presume it will be one of the best tracks in the State. The building for the exhibition of grains, fruits, vegetables, the smaller kinds of machinery, &c., is nearly or quite finished. The front enclosure is now being put up, leaving room for a pavement fifteen feet wide along the entire front. The main building will be commenced as soon as the lumber for it shall arrive, and the contract is that it be delivered during the present month.

The President and Managers will make every possible arrangement for a grand Fair—a big success—and they trust that *every* part of the county will be represented by exhibitors, as well as visitors. Farmers, mechanics—ladies—everybody—now is the time to commence making preparations. Don't put it off—but begin at once.

HORSE STOLEN AND ARREST OF THE THIEF.—*Last night a week*, a horse valued at $250 was stolen from Dr. Gochenour, at Abbottstown, with a saddle and bridle belonging to Dr. Peffer. Two suits of clothing and about $25 in money were also stolen from Dr. G. Vigorous steps were taken as soon as the loss was known, which resulted in overhauling the thief, (named Bryand,) with the horse in his possession, on Tuesday, somewhere in Baltimore county. Bryand was committed to Towsontown jail, and Sheriff Hann, of this county, notified accordingly. The Sheriff proceeded to Harrisburg on Thursday for the necessary requisition from the Governor upon the Governor of Maryland, and expected to be back, with the prisoner, on Saturday evening, or at noon to-day.

MILITARY COMPANY.—The visit of a Company of the New York 14th, on the Fourth, had the effect of starting a movement for the organization of a Zouave Company here. We understand that the requisite number of names has been secured. The Company will contain excellent material, and prove a crack affair.

—The Zouaves organized on Friday evening, by the election of the following officers: Captain, Theo. C. Norris; First Lieutenant, John F. McCreary; Second Lieutenant, Jacob W. Cress; Orderly Sergeant, W. R. Eyster.

DRAWBACK.—The most perceptible drawback here on the Fourth was the absence of fire crackers, rockets, &c., occasioned by the fishing-up of an old ordinance prohibiting all manifestations of patriotism in that line. In the name of the juveniles, we protest against such fogyism on the great holiday of the nation. What to "Young America" is the Fourth without fire crackers?

DOING WELL.—Mr. John Atwell, whose loss of a hand by the premature discharge of the gun on the Fourth was detailed in our last, is, we are glad to be able to say, getting along as comfortably as could possibly be expected.

ACCIDENT.—Mr. A. Marshall, an industrious and worthy citizen of Straban township, on Wednesday week, fell from a cherry tree, caused by the snapping off of a limb under him, and broke his jawbone. He suffered excruciating pain, but Dr. Melhorn soon relieved him, and he is now about again.

SUPREME COURT DECISION.—Among the cases decided by the Supreme Court, at Philadelphia, on the 3d inst., the following is reported:

By Thompson J.—Neeley vs. Grancham. Error to Common Pleas of Adams county. Judgment affirmed. Dissented from by Agnew J.

PENNSYLVANIA COLLEGE.—The catalogue of Pennsylvania College for 1866-7 shows the institution to be in a flourishing condition—the Seniors numbering 14, Juniors 17, Sophomores 28, Freshmen 48, Preparatorians 87, total 195.

The next Commencement will occur on Thursday morning, August 8—with literary exercises of a varied character during the day and evening preceding, as mentioned in our last.

The ceremony of corner-stone laying of "Stevens Hall" will take place on the afternoon of Commencement day, with an address by Hon. Thaddeus Stevens.

☞ The Lancaster papers announce the death of Dr. F. A. Muhlenburg, in the 73rd year of his age, one of the oldest and most respected citizens of that city.—He was the father of Prof. F. A. Muhlenburg, of this place.

HAIL STORM.—A hail storm passed over portions of Springgarden, York and Windsor townships, York county, on Wednesday week, doing considerable damage to the growing crops. The *Pennsylvanian* says forty sheep were killed by the hail for a farmer residing near Longstown.

DISEASE AMONG COWS.—The Waynesboro' *Record* says that a disease, called "milk disease," is prevailing among the cows in that region. Among those who have lost fine cows lately from this cause, are Mr. Mullen and J. R. Sellers. A number of cases are reported in the country.

SAVE YOUR DOCTOR'S BILLS.—Coe's Dyspepsia Cure will save the expense of a Doctor very many times if kept on hand ready for immediate use. In the Summer season, for Cholera Morbus, Pain in the stomach, Diarrhœa, &c., it is a sure and certain remedy.

SHEAFFER'S NEW GALLERY AT HANOVER, is the place to have your Pictures taken. None better, none cheaper.—Money refunded if not satisfactory.

SEASONABLE SUGGESTIONS.—The following hints are seasonable, and may be true; they are at least worth trying:—Oil of pennyroyal will keep mosquitoes out of a room, if scattered about even in small quantities. Roaches are exterminated by scattering a handfull of fresh cucumber parings about the house. No fly will light on the window which has been washed with water in which a little garlic has been boiled.

COTTAGE HILL COLLEGE.—The catalogue of "Cottage Hill College," York, Pa., for the academical year ending June 26, 1867, is on our table, showing the Institution to be in a very prosperous condition, the number of pupils being 134. Rev. D. Eberly, A. M., is the Principal, assisted by an efficient corps of instructors. The next session commences September 3d. Hitherto it has been a Boys' and Girls' School, but hereafter only ladies will be admitted. See advertisement in another column.

ORPHANS' HOME.—Several years ago the German Reformed Church founded an Orphans' Home in Bridesburg, Philadelphia. A suitable building was purchased, to which an addition was subsequently made. Finding that the increasing numbers of orphans called for larger and more commodious buildings, and deeming a location in a rural district better adapted for the education and training of these homeless children, the Board concluded to remove the institution. Accordingly they held a meeting on the 27th of June, which it was agreed to buy Manderbach's Spring, in Berks county, for $34,000.

RESOLVING RIGHT.—Here is one of the resolutions adopted by the Democratic State Convention to which we desire to direct the especial attention of every Democrat in the county, and particularly those who do not subscribe for the party organ or even pay the printer what they already owe him:

10. That the power and success of the Democratic party greatly depend on the character and efficiency of its newspaper press, and that to give due force to its usefulness, this Convention earnestly request that in every county all the members of the Democratic party should make a vigorous effort to increase its circulation by giving it individual patronage and support.

☞ Bear in mind that the INDIAN DOCTOR will be at the Eagle Hotel, in Gettysburg, from the 22d to the 30th inst. All suffering from chronic diseases, and desire to know their condition, will please call at his room and be thoroughly examined, by electricity and the stethescope, after which he can tell to a certainty whether a cure can be effected or relief given. See "Special" column for remarkable cures performed by the Doctor. 2t

DON'T LIKE IT.

The Pittsburg *Republic* (Republican) does not take kindly to the Williamsport platform. It says:

"Some of the resolutions passed by the Convention were extremely radical, and cannot help proving offensive to all reasonable, progressive and conservative men. The question of negro suffrage was before the Convention, and although not acted upon, it was admitted that the party was in favor of it. With the principles enunciated by the Convention, *we feel confident that even the good reputation of Judge Williams cannot save the party from defeat.* It required ten righteous men to save Sodom and Gomorrah. But Lot could not find them."

☞ The House of Representatives suspended its rules to pass a joint resolution expressing the gratitude of Congress to General Sheridan for his conduct in Louisiana. This resolution is of course intended as a flout at the President. It tends to subvert military discipline by upholding a subordinate in opposing the orders of his superior officer. It encourages General Sheridan and the other commanders to put upon the Reconstruction law any extreme sense they please, by assuring them of the support of Congress against the President. A Congress which descends to such spiteful and pettish insults, is incapable of legislating on a great subject in a just and liberal spirit.

☞ The execution of Maximilian is denounced throughout all Europe. It is looked upon as an utterly unjustifiable violation of the laws of civilized warfare, and justly so. French intercourse with Mexico has been broken off by order of Napoleon. A number of the European courts have gone into mourning.

☞ The negroes in one of the wards in Richmond, Virginia, have decided on running a colored candidate for Mayor, and a Council ticket composed of three negroes and two white men. This is practical Radicalism cropping out. Once let the negroes understand they can overmaster the whites at the polls, and they will do so beyond all question.

☞ No one observing the sayings and doings in Congress can fail to see the real object of the disunionists, who are engaged in plotting for party success at the expense of all the great material and political interests of the nation. To maintain their hold on power, they are basely preparing to defeat the will of a vast majority of the white men of the United States, by consolidating against them the votes of all the ignorant and degraded negroes in the country. That is the one sole object of the Congress now convened in extra session.

☞ The following appears in the New York *Tribune* of a late date:

Major-General Rawlins, General Grant's Chief of Staff, has been lecturing in Galena, the home of Grant, giving the history of the rebellion, and sketching its surrender, *showing that the President has pursued an eminently pacificatory course. He is supposed to reflect the views of General Grant.*

☞ It is reported, apparently semi-officially, from Washington, that a majority of the Military Commission before whom Mrs. Surratt was tried united in a recommendation to President Johnson that her sentence to death be commuted. This paper was never seen by the President, nor had he heard of it until the matter was broached recently through the newspapers.

☞ The closing speech of Mr. Thaddeus Stevens on the reconstruction question in the House of Representatives on Tuesday last, is, perhaps, the most decided specimen of brutal oratory that ever disgraced the American Congress. The individual who could utter such sentiments, is just the kind of fellow to object to be buried in a graveyard of white men.—*Age.*

☞ Geary has become a Good Templar. We would like to hear of his becoming a good Governor.

To the Melancholy.

The melancholy and despondent oftentimes think it useless to add to their misery by taking pills, especially as they have all been worse than the evil, soul and body, slowly away by degrees, when, in fact, Radway's Regulating Pills act precisely the reverse of such like peevish natures. They brace off that nervousness at once; instil new and rich blood, drive away despondency, and convince, by their properties, all strong mental powers of their great influence in allowing such advice should be commanded them. Those who harbor such notions are millions such infidels, will submit, on trial, that there is a good and effective remedy in the Regulating Pills, and feel astonished what happy results they will warrant. Being composed entirely of vegetables, and containing no mercury, they may be used in cases of indigestion, inflammation, Pleurisy, Lumbago, Asthma, Costiveness, Dyspepsia, Piles, Kidney diseases, and all minor derangements. To the nervous they are very beneficial.

Dr. SCHENCK'S PULMONIC SYRUP.

This great medicine cured Dr. J. H. SCHENCK, the Proprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. SCHENCK makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. SCHENCK, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fee is three dollars.

Please observe, when purchasing, that the two like cases of the Doctor—one when in the last stage of Consumption, and the other as he now is, in perfect health—are on the Government stamp.

Sold by all Druggists and Dealers. Price $1.50 per bottle, or $7.50 the half dozen. Letters for advice should always be directed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

THE NEW WORK ON SINGING,

BASSINI'S

TWENTY MELODIC EXERCISES,

IN FORM OF

SOLFEGGIOS FOR SOPRANO OR MEZZO SOPRANO VOICES,

INTENDED AS

Studies to acquire the Art of Singing.

"THESE exercises were composed to be used simultaneously with his system, 'THE ART OF SINGING,' or with any *other method* for the cultivation of the voice, and will take the place of CONCONE'S SOLFEGGIOS; being more melodious and better adapted for teaching.

"Some of these exercises are specially beautiful as well as useful, a mingling of the *dulce et utile*, which secures the interest as well as the improvement of the student. The various styles developed in these exercises render them invaluable in an educational point of view, as they tend to enlarge the intelligence and appreciation, and at the same time form the taste of the pupil. They must be studied carefully with reference to the innumerable marks of expression and forms of ornamentation. Upon the intimate acquaintance with these exercises depends the actual sterling advancement of the pupil; any evasion or slurring in these respects is time and effort wasted, while, on the other hand, a close and patient investigation, and a minutely faithful execution of them, will give unexpected power and facility, and open to the student the means and resources by which great artists produce their most brilliant and profound effects."—*Watson's Art Journal.*

LUMBER, COAL,

STOVES, TIN-WARE, &C.

Corner of Carlisle Street and the Railroad,

GETTYSBURG, PA.

AN IMMENSE STOCK!

IN order to give the public something like an adequate idea of the immense stock of Lumber, Coal, Stoves, Tin-ware, &c., &c., on hand and for sale by the undersigned, at the old establishment, in Carlisle street, across the Railroad from the Passenger Station, he would enumerate as far as the limits of a newspaper advertisement at will allow:

IN THE LUMBER LINE:

Boards and Plank of every grade, from sullings to prime, Joists and Scantling, pine and hemlock, Siding, planed and Dimensioned, Flooring, Shingles, Shingle Laths, Plastering Laths, Pickets, ready-made Doors and Sash, Blinds and Shutters, in fact, everything used for building purposes.

IN THE COAL LINE:

Shamokin White Ash and Lykens' Valley Red Ash, these two varieties being the purest and best for all domestic purposes. Also, the very best, Broad-top and Allegheny Smith Coal.

IN THE STOVE LINE:

Waverly, Noble Cook, Royal Cook, Barley Sheaf, Oriental, Stewart's Cook, Ornamental, Excelsior, Prince Royal and the Emerald Cooking Stoves, all for coal or wood. These varieties are a selection from the best and most popular Cooking Stoves the market affords, and are all warranted to give entire satisfaction. Fire-brick and Grates, for coal or wood, always on hand.

IN THE TIN-WARE LINE:

The assortment embraces everything necessary for kitchen or household purposes, including a large number of conveniences yet cheap articles of new design which cannot but seen to be appreciated. The stock is as large and varied that those who have not visited the establishment for some no conception of its extent. In addition to the ordinary kitchen utensils, it includes Bathing Vessels, Toilet Chamber Sets, plain and fancy, Chamber Buckets, Bread and Spice Boxes, Tea and Coffee Canisters, Dust Boxes, Spittoons, Tumbler Drainers, Bill-and Box, Waiters, Ale Carriers, Water Coolers, Slaw Cutters, Nurse Lamp, Cullers, Waffle Irons, Smoothers, Dinner and Auctioneer Bells, Egg Beaters, Oilers, Fluted Funnels, Cool Stoves, Glass-top Fruit Cans, Plain-top Fruit Cans, Self-sealing Jars, &c., &c. Tin-ware made to order, and repairing promptly attended to, by the best of workmen.

IN THE HOLLOW-WARE LINE:

Cast-iron Pots, of every size and variety, for stoves, Porcelain Kettles, for cooking and preserving, Tea-iron Kettles for ditto, Cast-iron Stew Pans, of every size and variety, Porcelain and tinned, with a thousand and one other articles impossible to enumerate in an advertisement.

Attention is specially directed to three valuable patents for which he is agent, and about which there is no humbug, as can be attested by scores who have used them, viz: THE UNIVERSAL CLOTHES-WRINGER, DOWNS'S WASHING MACHINE, and the celebrated DIAMOND CHURN.

The public are invited to call and examine goods and prices. He guarantees to sell everything in his line at exceeding low figures. Come and see, to gratify your curiosity, if you do not want to buy. No trouble to show goods.

UNANIMOUSLY awarded the First Prize, a Gold Medal, "AS THE BEST CABINET ORGANS," American Institute, New York, October, 1866.

Being pronounced superior in QUALITY, POWER and VARIETY OF TONE, and in number of combinations.

"As the best instruments of America were there contending, whichever won the battle would have nothing left to conquer."—*American Art Journal*, (edited by a well-known musical critic.)

They have also taken the first premium wherever exhibited this season.

PEDAL ORGANS, one, two and three banks of keys—six sizes—$250 to $1,500. Without pedals, single and double bank, in great variety, $65 to $450. These Organs, with their smooth, pipe-like quality of tone, beautiful solo stops, strength of chorus, unequalled pedals, and general organ-like effects are superior for Churches, Halls, Parlors and Schools. They are put up in cases of solid Walnut, fancy veneered Walnut (new and unique styles) and elegant Rosewood, of splendid designs and finish, and of the best workmanship—it being intended that each instrument shall be a model of its class. All instruments down to a five octave portable Melodeon, have the beautiful Tremolante stop, without extra charge.

Jules Jared's

"EMAIL DE PARIS,"
THE NEW
Beautifier of the Skin.

TESTIMONIALS FROM CELEBRATED LADIES.

This secret of beautifying the skin being known only to Messrs. Jared & Rene, they honorably state that it differs from all other preparations. It gives to the most harsh and freckled skin both the texture and color of polished Ivory, removing all discolorations, whether appearing as freckles, tan, morphew, moth or blackworm specks, and is especially successful in smoothing out the marks left by the smallpox.

The agents of "L'Email de Paris" most confidently submit to the public the earnest endorsements of such distinguished ladies as

Signora RISTORI,
Mdlle FELICITA VESTVALI,
Miss MAGGIE MITCHELL,
Mrs. D. P. BOWERS,
LUCILLE WESTERN,
Madame PONISI,
Mrs. EMMA WALLER,
LUCY RUSHTON,
NOEMIE DE MARGUERITTES,
Miss A. PERRY,

and many others, whose high standing in the profession gives the stamp of truthfulness to their intelligent and genuine approval.

The beautiful Lucille Western says:

"I find that the 'Email' produces all the brilliancy of rouge and lily-white, with the great and peculiar advantage of total harmlessness. It really adds to the softness and beauty of the skin."

The magnificent Vestvali says:

"I have suffered so much from the various white lotions, &c., which my theatrical profession obliges me to use, that I consider it a perfect benefaction to find a preparation which gives the necessary whiteness to the skin, and leaves the skin cool and smooth."

Miss Maggie Mitchell says:

"I have tried the skin beautifier, 'L'Email de Paris,' and found that it instantly imparts a natural bloom and freshness to the complexion."

"Jared's Email de Paris" is used as a delicate beautifier of the skin for Theatre, Saloon or Ball Room, by the most refined and scrupulous ladies, producing all the beautifying effects of rouge and lily-white, without their vulgar glare or injury to the skin.

Sold by all first-class Druggists, Perfumers and Ladies' Hair Dressers.

DEWAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING)

SKIRT.

THE WONDERFUL FLEXIBILITY and great COMFORT and PLEASURE to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down steps, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

FOR SALE in all Stores where FIRST CLASS skirts are sold throughout the United States and elsewhere.

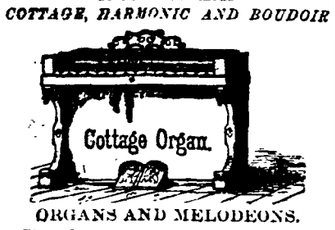
ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR



ORGANS AND MELODEONS.

These Instruments stand unrivalled by any thing found in this Country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounce them vastly superior to all others *for exceedingly quick articulation* and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX-HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

☞ BRASS BANDS supplied with instruments and music at reasonable terms.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY
FOR IRREGULARITIES!

I have tested these Drops in my own practice, over ten years, and do not hesitate to say, that nothing has yet been developed by medical research, that acts so powerfully, positively, and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never fails, while thousands who have been long sufferers, are indebted to it for the boon of health to-day.

Although so powerful and positive, they are perfectly harmless, and may be used at all times, except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from all over the northern and western States, were they not in their nature private. Over 100,000 bottles have been sold the past year, and I hope and trust as many sufferers have been benefitted. I am well aware that a remedy so potent to remove all obstructions, may be used for a bad purpose, but trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity; painful, difficult, excessive, offensive or obstructed Menstruation, Lucorrhea, or the train of diseases that follow, I would say, try a bottle of DR. LYON'S FRENCH PERIODICAL DROPS. Being a fluid preparation, their action is more direct and positive than any pills or powders. Explicit directions, bearing my fac simile, accompany each bottle.

They may be obtained of nearly every druggist in the country, or by enclosing the price to C. G. CLARK & CO., New Haven, Conn., General Agents for the United States and Canada.
